CABLE GLANDS

CABLE GLANDS

Cable glands are designed to protect cable as it passes through walls, cabinets or switchboards. Unlike grommets, the cable glands tighten around the wire to act as a seal. KT offers both a Nylon and Metal Cable Gland range that will ensure your connections are protected from dirt and moisture.

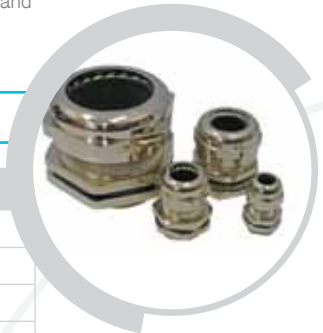

NYLON CABLE GLANDS

PART NO.	DIAMETER MM	CABLE RANGE	BOX QTY
KTNCG12	12	3 - 6.5MM	100
